

# Drs Liversedge, Wong, Yoxall and Peddie

## Requesting a routine appointment online

- Click on the online consultation box
- Select the heading that says Contact your practice
- Do not use the search box, instead choose the most appropriate heading from the list given
- If a heading is not shown that fits your problem, please use the 'General Health Query' heading
- Fill in with as much information as possible, as the Doctors use this to decide how quickly they need to see you, so the more detail you can give the better eg, instead of 'sore foot', put 'pain in heel of left foot'
- Make sure you provide an up to date contact number and any times when you will not be available to take a call
- The form, once sent, will go directly to one of the GP's for review, and based on the information given, then will determine how quickly they feel you need to be seen
- Someone from reception will contact you to arrange an appointment

**IF YOU NEED AN EMERGENCY APPOINTMENT, PLEASE  
DO NOT USE THIS FACILITY – PLEASE SPEAK TO  
SOMEONE ON RECEPTION**
